**GREEN EVENTS
& INNOVATIONS
CONFERENCE 2020**

About Green Events & Innovations

The 12th edition of the UK's essential conference for sustainability at live events will take place on Tuesday 3 March 2020 the day before ILMC begins. Green Events & Innovations conference (GEI) is presented by A Greener Festival (AGF) in partnership with the International Live Music Conference (ILMC), and welcomes over 200 industry leaders, professionals and visionaries working to bring environmental and social sustainability to live events.

Attention and response to environmental best practice has accelerated dramatically in recent years. Drawing on the continuous work and observations by AGF and partners the Industry, each year GEI demonstrates the latest solutions and technologies for practical

event management, as well as crucial challenges to be addressed. The conference mixes practical case studies, discussion panels and presentations from around the world, alongside networking coffee breaks, a complimentary lunch, and closing party, including the International AGF Awards.

The full conference schedule will be published in the Winter. GEI consistently attracts the industry's top speakers and innovators. The last edition included input from Speakers and participants including Coda Agency, Royal Albert Hall, Friends of the Earth, AEG, Live Nation, Greenpeace, Roskilde Festival, Glastonbury, NEC Arena, and DGTL Amsterdam to name a few.

New for 2020

GEI 12 will see the conference return to ILMC's spiritual home – the Royal Garden Hotel – and in fitting with the growth in action and awareness for sustainability within the live industry the conference and activities continue to refine.

For the second year GEI combine outbreak sessions with the ILMC production meeting, broadening the scope of topics in to security, wellbeing, touring and production, and expanding reach to the 250 production management delegates of the IPM.

By combining 250 IPM delegates and GEI's 200 delegates in one larger networking space, trade stand holders and other sponsors will benefit from substantially increased marketing opportunities and audience. Meanwhile, through collaborative content, both of these vital business sectors can exchange information and knowledge.

Why Sponsor GEI

If you are a supplier, manufacturer or organisation working in the international live events business, GEI is the perfect platform to reach key buyers and promote your services. The one day, focused event allows your brand to be close to decision makers, thought leaders and highly engaged professionals in the live event and environmental space.

AGF is the internationally recognised and respected authority on sustainable event accreditation, training and action. Supporting GEI12 will demonstrate your organisations commitment to creating a greener events industry.

With regular promotion running up to and after GEI, all marketing activity benefits from exposure before, during and after the event.

Why Sponsor International AGF Awards

If you are seeking to demonstrate your brand as engaged in sustainability and pushing the boundaries for the next generation of smarter live events, look no further than the International AGF Awards. This is the pinnacle accolade attainable by any live event to demonstrate their green actions on a global scale. The debut event was a great success in 2019, where A Greener Festival for the first time in their 11 years crowned one overall AGF Awards winner, and winners across 10 subcategories. The one evening, focused Awards is followed by festivals around the world, and attended by the top sustainable event organisers and decision makers.

Supporting the International AGF Awards will demonstrate to top promoters your organisations commitment to creating a greener events industry, and bring your brand to those aiming to do the same.
